and said appropriation was without the effective consent of said owners in that consent was induced by deception, to wit:

Said Defendant created and confirmed by words and conduct false impressions of fact that were likely to affect the judgment of said owners in the transactions and the Defendant did not believe to be true; and

Said Defendant failed to correct false impressions of fact that were likely to affect the judgment of said owners in the transactions, that said Defendant previously created and confirmed by words and conduct, and said Defendant did not at the time believe to be true; and

Said Defendant promised performance that affected the judgment of said owners in said transactions that said Defendant did not intend to perform and knew would not be performed;

And said Defendant acted with the intent to deprive said owners of said property by withholding said property permanently and for so extended a period of time that a major portion of the value and enjoyment of said property was lost to said owners, and by disposing of said property in a manner that made recovery of said property by said owners unlikely;

And all of said amounts were obtained pursuant to one scheme and continuing course of conduct, and the aggregate value of the property so appropriated was \$300,000.00 or more;
